# Who is CS7295

## Emily Dutile

# Is there a correlation between bedtime and coffee consumption?

- It looks like students who stay up later (or very early in the morning) tend to drink more coffee

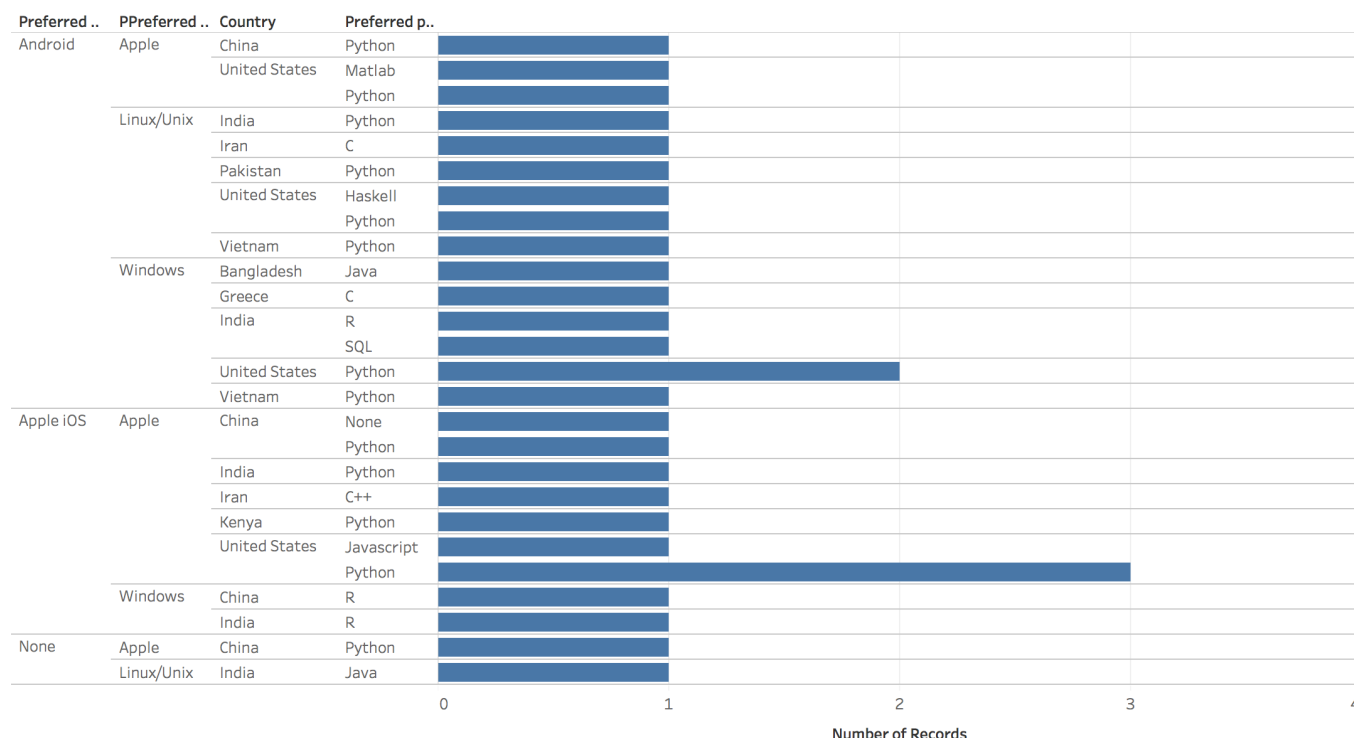

Amount of Coffee Consumed vs. Bedtime

**Who is CS7295**

# Is there a typical "profile" for someone who prefers to use a mobile phone with an Android versus Apple OS?

- Students who prefer Andriod probably prefer Windows (or possibly Linux/Unix)

- If the student prefers Apple iOS for their mobile device, they probably prefer Apple OS.
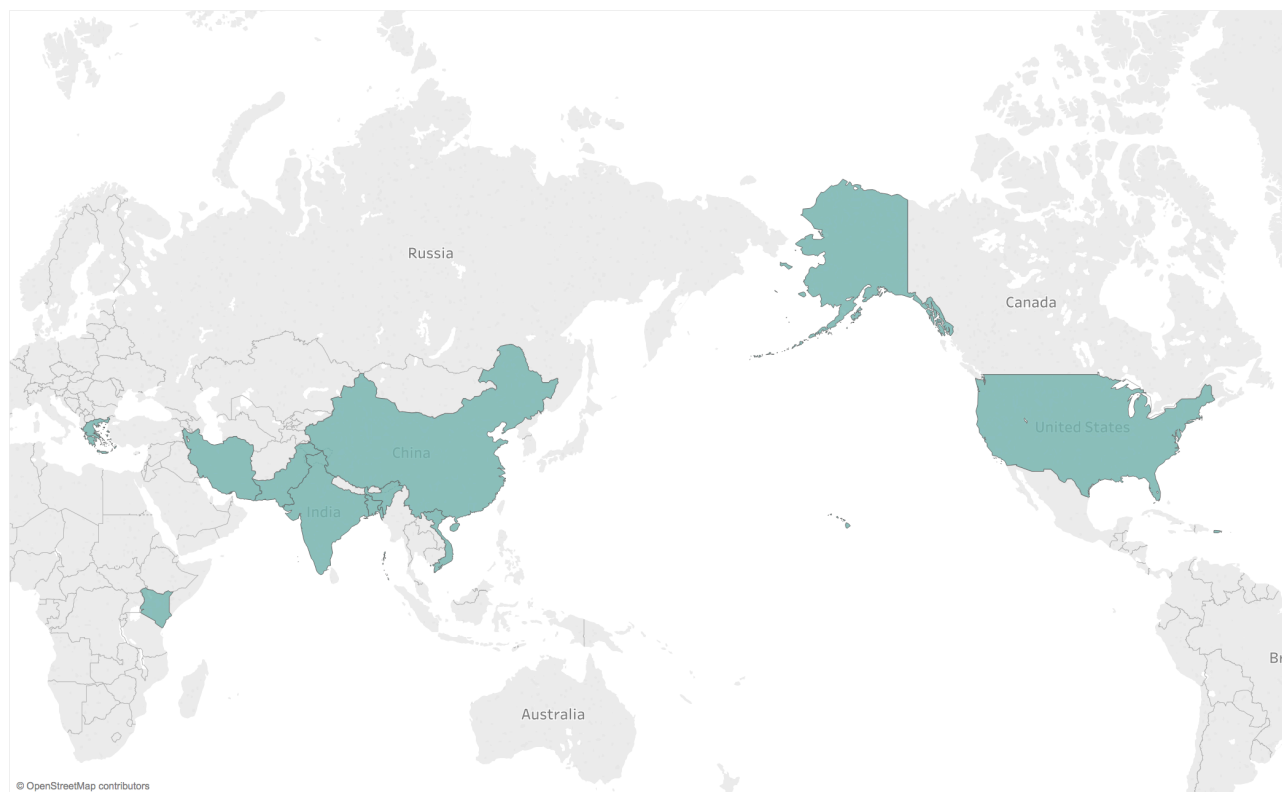

- Python seems to be popular in both profiles.

## Profile for Mobile Preferences

| Preferred .. | PPreferred .. | Country | Preferred p.. | Number of Records |
|---|---|---|---|---|
| Android | Apple | China | Python | 1 |
| | | United States | Matlab | 1 |
| | | | Python | 1 |
| | Linux/Unix | India | Python | 1 |
| | | Iran | C | 1 |
| | | Pakistan | Python | 1 |
| | | United States | Haskell | 1 |
| | | | Python | 1 |
| | | Vietnam | Python | 1 |
| | Windows | Bangladesh | Java | 1 |
